BPU Dual Meters Should Be Returned by October 12

The Jamestown Board of Public Utilities (BPU) Customer Service Office reminds customers participating in the residential Dual Meter Program that it is time to return their dual meters to the BPU.

The Dual Meter Program ends on September 30. Customers with Dual Meters must return them to the Customer Service Office, 92 Steele Street, Jamestown, by October 12.

Customers who fail to return meters by October 12 unfortunately will forfeit deposits and any sewer credit earned.
