## **Jamestown BPU Announces "Fall Cleanup Week" for Sanitation Customers**

The Jamestown Board of Public Utilities (BPU) announces that its annual "Fall Cleanup Week" for BPU sanitation customers will take place during the week of September 20.

Fall Cleanup will occur on each resident's normal garbage day. Customers should place their cleanup items at the curb after 6 p.m. the night before their regularly scheduled pickup. Smaller cleanup items should be contained in plastic garbage bags.

Regular garbage as well as plastic recyclables will be picked up as usual during Fall Cleanup.

The utility will accept disposable items weighing less than 40 pounds and easily handled by one person including: clothes, dishes, glassware, pots and pans, toys, wallpaper, carpet remnants cut in small pieces, old lawn furniture, garden hoses and so forth.

Metal and wood items must be taken to the South County Transfer Station on South Work Street in Falconer for disposal. Hours for the South County Transfer Station are available by calling 665-6894.

Yard waste only may be taken to the Fluvanna Avenue Yard Waste Site which is open from 9 a.m. – 1 p.m. Saturdays. Construction material and lumber must be taken to the South County Transfer Station or the Ellery Landfill.

A fee is required for large item and electronics curbside pickup. Call the Garbage Hotline at 661-1651 in advance to arrange an appointment for proper disposal of large items such as mattresses, couches, refrigerators, recliners, stoves, etc. and electronics such as televisions, computer monitors and microwaves. Residents are at risk of additional charges or penalties if these items are placed at the curb without an appointment.

The BPU this fall continues to offer large yard waste bags for sale at a cost of \$10 for four bags and includes home pickup of the yard waste. The yard waste bags are available at the BPU Customer Service Department, 92 Steele Street, open 7 a.m. – 5:30 p.m. weekdays.

Any questions regarding Fall Cleanup may be answered by calling the BPU Garbage Hotline at 661-1651.
